What is WordPress?

WordPress is a Content Management System (CMS). That just means it is a piece of software that can help you manage and organize your content into an impressive and coherent website. Initially WordPress was created as a blogging tool, but over the years it has become so much more than that. Today, many WordPress driven sites look nothing like blogs (unless that's what the user wants). This is down to the flexibility of this amazing tool. WordPress powers simple blogs, corporate websites and everything in between. Companies like Sony, theWall Street Journal, Samsung, New York Times, Wired, CNN, Forbes, Reuters and many others, all use WordPress as part of their online presence. WordPress is 'open source', meaning that all of its code is free to use and customize. This is one of the powers of WordPress, since programmers the world over have created their own additions to this powerful publishing platform; from website templates to plugins that extend the functionality of this amazing site building tool.

Site Title	<input type="text" value="Happy's cars company"/>
Tagline	<input type="text" value="we want to make you happy"/> <small>In a few words, explain what this site is about.</small>

[Social Media and Share Icons \(Ultimate Social Media\)](#)

**BIG NEWS:** There is now a **Premium Ultimate Social Media Plugin** available with many more cool features: [Check it out](#)

[Dismiss](#)

### Default post settings

- ☐ Attempt to notify any blogs linked to from the post
- ☒ Allow link notifications from other blogs (pingbacks and trackbacks) on new posts
- ☒ Allow people to submit comments on new posts

(These settings may be overridden for individual posts.)

### Other comment settings

- ☒ Comment author must fill out name and email
- ☐ Users must be registered and logged in to comment
- ☐ Automatically close comments on posts older than  days
- ☐ Show comments cookies opt-in checkbox, allowing comment author cookies to be set
- ☒ Enable threaded (nested) comments  levels deep
- ☐ Break comments into pages with  top level comments per page and the  page displayed by default
- Comments should be displayed with the  comments at the top of each page

### Email me whenever

- ☒ Anyone posts a comment
- ☒ A comment is held for moderation

### Before a comment appears

- ☒ Comment must be manually approved
- ☒ Comment author must have a previously approved comment

### Comment Moderation

Hold a comment in the queue if it contains  or more links. (A common characteristic of comment spam is a large number of hyperlinks.)

When a comment contains any of these words in its content, name, URL, email, or IP address, it will be held in the [moderation queue](#). One word or IP address per line. It will match inside words, so "press" will match "WordPress".

### Comment Blacklist

When a comment contains any of these words in its content, name, URL, email, or IP address, it will be put in the trash. One word or IP address per line. It will match inside words, so "press" will match "WordPress".

## Avatars

An avatar is an image that follows you from weblog to weblog appearing beside your name when you comment on avatar enabled sites. Here you can enable the display of avatars for people who comment on your site.

Avatar Display ☒ Show Avatars

Maximum Rating ☒ G — Suitable for all audiences  
☐ PG — Possibly offensive, usually for audiences 13 and above  
☐ R — Intended for adult audiences above 17  
☐ X — Even more mature than above

Default Avatar For users without a custom avatar of their own, you can either display a generic logo or a generated one based on their email address.

☒  Mystery Person

☐ Blank

☐  Gravatar Logo

☐  Identicon (Generated)

☐  Wavatar (Generated)

☐  MonsterID (Generated)

☐  Retro (Generated)

[Save Changes](#)

WordPress offers you the ability to create a custom URL structure for your permalinks and archives. Custom URL structures can improve the aesthetics, usability, and forward-compatibility of your links. A [number of tags are available](#), and here are some examples to get you started.

### Common Settings

☐ Plain `http://localhost/wp/?p=123`

☐ Day and name `http://localhost/wp/2019/12/03/sample-post/`

☐ Month and name `http://localhost/wp/2019/12/sample-post/`

☐ Numeric `http://localhost/wp/archives/123`

☐ Post name `http://localhost/wp/sample-post/`

☒ Custom Structure `http://localhost/wp/%category%/%postname%/`

Available tags:

### Optional

If you like, you may enter custom structures for your category and tag URLs here. For example, using `topics` as your category base would make your category links like `http://localhost/wp/topics/uncategorized/`. If you leave these blank the defaults will be used.

Category base

Tag base

### Privacy Policy Page

As a website owner, you may need to follow national or international privacy laws. For example, you may need to create and display a Privacy Policy. If you already have a Privacy Policy page, please select it below. If not, please create one.

The new page will include help and suggestions for your Privacy Policy. However, it is your responsibility to use those resources correctly, to provide the information that your Privacy Policy requires, and to keep that information current and accurate.

After your Privacy Policy page is set, we suggest that you edit it. We would also suggest reviewing your Privacy Policy from time to time, especially after installing or updating any themes or plugins. There may be changes or new suggested information for you to consider adding to your policy.

[Edit or view](#) your Privacy Policy page content.

Need help putting together your new Privacy Policy page? [Check out our guide](#) for recommendations on what content to include, along with policies suggested by your plugins and theme.

# Come Sail Away with Me

Individually, we are one drop. Together, we are an ocean.

Twenty Sixteen  
July 18, 2016  
Adventure

On crossing the imaginary line drawn from Punta Mala to [Anasazi](#), the ships from Europe found to believe how to cross the strong bowries of the coast. They became the prey of capriciousness that play with them for thirty hours at a stretch sometimes. Below them the head of the calm gull is filled on most days of the year by a great body of motionless and opaque clouds. On the rare clear mornings another shadow is cast upon the sweep of the gull.

### ABOUT

Twenty Sixteen is a modernized take on an ever-popular WordPress layout — the beautiful and modern WordPress default theme — that works perfectly for desktop and mobile. It has a clean, solid design with a focus on readability and performance. It's a great choice for anyone looking for a modern, clean, and professional design. Twenty Sixteen will make your WordPress site look like a professional.

WordPress posts are date-dependent and chronological and this separates them from pages which are date-independent and not really related to any other piece of content on the site.

**Posts were originally designed to be ordered by date, with a post you created yesterday logically appearing lower down the page than a post you make today. Newer posts are inserted at the top of the page, and older posts are pushed off the bottom**

## **Contact Me**

### **Contact Me**

Your Name (required)

Your Email (required)

Subject

Your Message

## **Privacy Policy**

# Privacy Policy

## Who we are

Our website address is: <http://localhost/wp>.

## What personal data we collect and why we collect it

### Comments

When visitors leave comments on the site we collect the data shown in the comments form, and also the visitor's IP address and browser user agent string to help spam detection.

An anonymized string created from your email address (also called a hash) may be provided to the Gravatar service to see if you are using it. The Gravatar service privacy policy is available here: <https://automattic.com/privacy/>. After approval of your comment, your profile picture is visible to the public in the context of your comment.

### Media

If you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website can download and extract any location data from images on the website.

## **Contact forms**

## **Cookies**

If you leave a comment on our site you may opt-in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you visit our login page, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select “Remember Me”, your login will persist for two weeks. If you log out of your account, the login cookies will be removed.

If you edit or publish an article, an additional cookie will be saved in your browser. This cookie includes no personal data and simply indicates the post ID of the article you just edited. It expires after 1 day.

## **Embedded content from other websites**

Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website.

These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracking your interaction with the embedded content if you have an account and are logged in to that website.

## **Analytics**

## **Who we share your data with**

## **How long we retain your data**

If you leave a comment, the comment and its metadata are retained indefinitely. This is so we can recognize and approve any follow-up comments automatically instead of holding them in a moderation queue.

For users that register on our website (if any), we also store the personal information they provide in their user profile. All users can see, edit, or delete their personal information at any time (except they cannot change their username). Website administrators can also see and edit that information.

## **What rights you have over your data**

If you have an account on this site, or have left comments, you can request to receive an exported file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.

## **Where we send your data**

Visitor comments may be checked through an automated spam detection service.

## **Your contact information**

## **Additional information**

### **How we protect your data**

### **What data breach procedures we have in place**

### **What third parties we receive data from**

### **What automated decision making and/or profiling we do with user data**

### **Industry regulatory disclosure requirements**
